

MADHURAM – SPECIAL SCHOOL VISIT

NSS Volunteers of VKIDFT visited St Joseph Special School at peringavu, Thrissur on November 27, 2022. The programme was named 'Madhuram'.

A day before the visit we started preparing the lunch. It was led by Dr. Antony Pallan, faculty of VKIDFT.

The next day we reached there at 8.30 am. We met the children and introduced each other. Within an hour started the interactive session where children presented various skills like acting, singing, and dancing in front of NSS volunteers and that was appreciable. As children always like to play games, volunteers had planned some games and activities to build bond among them and make them able to interact with us.

After games, the team served lunch for them in the afternoon. We distributed sweets. NSS Programme Officer Dr. Jose Mathew sir and Dr. Antony Pallan sir appreciated the NSS volunteers for the hard work they took to conduct the programme. Through 'Madhuram' we aimed to give the children all the love and compassion with that one day and make the day sweet and memorable. The programme ended with the vote of thanks by NSS Secretaries Sreelakshmi and Tony.
