

ENVIRONMENT DAY 2023

VKIDFT Mannuthy NSS Unit (1&2) organised various programmes on World Environment day on 5th June 2023. The theme for this year was #BeatPlasticPollution.

A vertical poster for World Environment Day 2023. The background is light green with faint floral patterns. At the top, there are two circular logos: a blue one with a white cross and a yellow one with a green cross. Below the logos, the text reads "VKIDFT MANNUTHY NSS UNIT" in a dark green, sans-serif font. The main title "WORLD ENVIRONMENT DAY'23" is in a large, bold, dark green serif font. Below the title is the hashtag "#BeatPlasticPollution" in a smaller, dark green sans-serif font. A green leafy branch is positioned above the word "Activities", which is in a bold, dark green sans-serif font. Below "Activities" are two bullet points, each with a pink flower icon: "Planting tree saplings" and "Plastic waste cleaning". The date and time "June 5 2023, 3.30 pm" are centered in a bold, dark green sans-serif font. Below the date is another bullet point with a pink flower icon: "Seed Paper pen making". At the bottom, the slogan "Let your pen sprout and breath !" is written in a bold, dark green sans-serif font. A green leafy branch is positioned above the slogan, and a large, faint purple flower is in the bottom right corner.

WORLD
ENVIRONMENT DAY'23

#BeatPlasticPollution

Activities

- Planting tree saplings
- Plastic waste cleaning

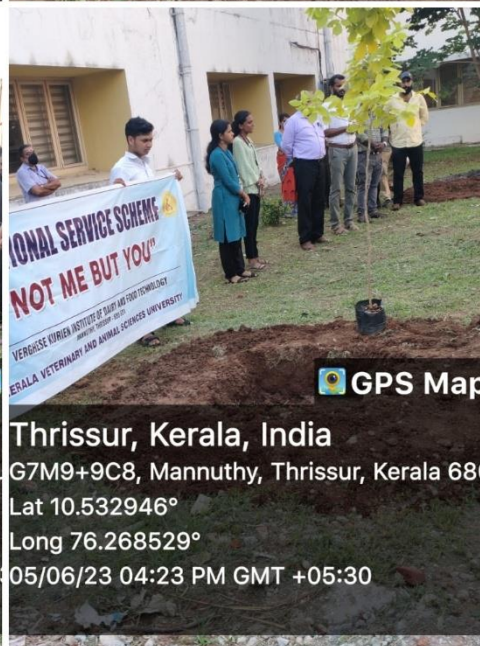

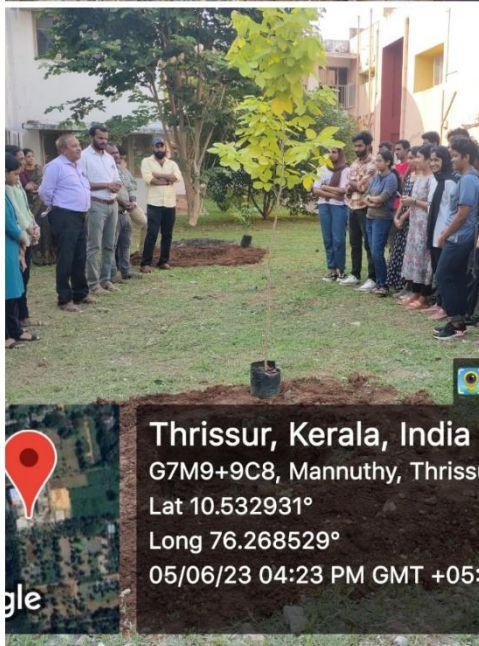

June 5 2023, 3.30 pm

- Seed Paper pen making

Let your pen sprout and breath !

Planted Tree saplings

A very auspicious tree plantation programme was organised in our college. By 4.30 pm Dean, VKIDFT Dr.S.N.Rajakumar sir ,NSS programme officer Dr.Jose Mathew sir and volunteers planted two tree saplings in college ground. Before planting they gave speech on importance of observing Environment day and the adverse effects of plastics on nature. Also, we pledged to conserve the trees that we have planted.

Cleaning Campus

Based on the theme of Environment day 2023 World #BeatPlasticPollution Volunteers collected plastic wastes from the campus ground.

Eco-friendly Seed Paper Pen Making and Distribution

Volunteers made eco-friendly seed paper pens on the occasion of World Environment Day. Body of pens is made of paper. Inside the body of every pen, there is seeds of spinach. Once the pen stops writing, it could be torn down and planted. The refill, made of plastic, can be recycled. This product can beat plastic pollution and spread spinach seeds. The pens were released with a theme “ Let your pen sprout and breath!” The pens were distributed to teachers and non teaching staffs of our college.
